Your Guide to Indoor Basketball Equipment

Unbreakable "XL" Glass Backboards
Built-in support structure absorbs over 98% of the stress from goal contact without transferring it to the glass. Goal is mounted "off glass" so even excessive hanging and abuse will not cause stress or glass breakage • \$250 installation reimbursement plus unconditional replacement warranty • Polished aluminum extrusion frame-work, glass cushioning gasket, high strength steel support structure, 1/2" tempered glass with fire impregnated bright white border and shooters square • Pre-drilled for quick installation of DuraSkin backboard padding

BA42XL 42" x 72" Short Board

BA42XLC Short Conversion Board

BA48XL 48" x 72" Tall Board

BA48XLC Tall Conversion Board

BA68U DuraSkin® Backboard Safety Padding
The first, the best and available in a virtual rainbow of colors... DuraSkin meets or exceeds all NCAA, FIBA and National High School Federation requirements • Fits every manufacturer's official 72" wide glass backboard but might require frame drilling on some non-Bison backboards • All Bison glass boards are pre-drilled for five-minute installation of DuraSkin with a screwdriver • Order two kits per court • Includes mounting hardware • Compare our 10-year replacement warranty to other manufacturers' 5-year warranties!

OFTEN IMITATED — NEVER EQUALED

Baseline™ 180° Breakaway Goal
From the left baseline, right baseline, down the lane or any angle in between, Baseline will provide consistent breakaway pressure even during the most aggressive slam dunk action... This is the most technologically advanced breakaway goal available today with the ring assembly floating on 13 hardened chromium steel ball bearings for smooth flexibility from any direction • Pressure release mechanism is field adjustable to insure the preferred feel and adherence to NCAA ring testing rule for the life of the goal • Meets National High School Federation (NF) and NCAA standards • Includes anti-whip net and mounting hardware • Order BA3180S with four-year repair or replacement warranty for 42" x 72" short backboards or BA3180T with three-year repair or replacement warranty for universal backboard mounting design

BA35E Elite™ Breakaway Goal
Compare our fully welded 1/4" rim support with others' 3/16" partially welded supports... High tensile strength 5/8" steel ring provides 50% greater bend resistance • One-piece continuous net attachment system • Low maintenance breakaway mechanism is enclosed by safety padded coverplate • Lubrication system insures smooth action • Backplate fits all 42" and 48" rectangular and fan-shaped glass backboards • Meets NF and NCAA standards • Includes hardware and anti-whip net • Five-year limited warranty

BA35A ReAction™ Breakaway Goal
Hideaway net attachment system improves player safety... AcuFlex™ adjustable, positive lock breakaway mechanism • Steel coverplate • 5/8" diameter high tensile steel ring with 1/4" full radius support • Fits all 42" and 48" high backboards • Meets NF and NCAA standards • Includes hardware and anti-whip net • Four-year limited warranty

BA35 ProTech™ Breakaway Goal
Bison's original breakaway goal is still the best value... Simple, maintenance-free design • Steel coverplate • Backplate fits all 42" and 48" backboards • Continuous netlocks • Meets NF and NCAA standards • Includes hardware and net • Unconditional three-year replacement warranty

TR86 6-in-1 Adjustable Easy-Up™
For over 25 years, Easy-Up has put the rim within reach for aspiring young basketball players to learn proper shooting techniques... Converts in minutes with no tools • Fits on any style of single-ring goal, breakaway or non-breakaway • Lowers rim and moves rim 24" closer to free throw line • Each unit can be set at 6-1/2', 7', 7-1/2', 8', 8-1/2' or 9' goal height for kids as young as four years old • Full size rim allows play with full or reduced size balls • One person can easily attach the tubular frame with a unique cam-operated lever • Total system weight is less than 40# • 48" x 32" backboard is molded of high impact ABS plastic • Ships completely assembled • Not suitable for dunking or hanging • One-year limited warranty on structure and goal, lifetime limited on backboard

BA185

BA165 Lockable

Heavy-Duty Ball Carts
Possibly the last ball cart you'll ever need to buy... Designed and tested to support up to 250#, these carts might last forever • Constructed of welded 1" square heavy wall tubing with 3/4" steel chrome plated, horizontal ball supports • Choose from standard or lockable models with varying ball capacities to match your program's needs • Order BA125 for standard 12-ball capacity or BA185 for 18 balls • Lockable carts are available in 16- (BA165) or 24-ball capacity (BA245) • Carts are available in six popular colors and can be customized with optional ABC92 vinyl lettering • Fits men's or women's basketballs • Floor-friendly casters • Some assembly required • Five-year limited warranty

Why Buy Bison?

Since 1985, athletic directors, coaches, facility administrators, and equipment managers have relied on the good sports at Bison to provide safe, durable, innovative and on-time products to fit their unique sports equipment needs.

Centrally located in Lincoln, Nebraska, Bison's manufacturing and warehouse facility covers over 100,000 square feet. Most orders are shipped from available inventory as we stock our warehouse with the products you need when you need them.

In an era where a high percentage of sporting goods equipment is manufactured offshore, Bison continues to offer competitively-priced superior-quality equipment that provides jobs to over 100 hardworking Americans.

In 1985, Bison introduced the first durable, cost effective, affordable breakaway goal that allowed virtually every gym to have breakaway goals on both main and side courts. The latest version (BA3180) offers 180° of breakaway player protection.

Bison's introduction of the Ultimate Outdoor Basketball System in 1990 offered an unconditional lifetime warranty on the entire system—including the rim—even when installed in the toughest unsupervised playground environments. Playground equipment hasn't been the same since.

Bison engineered telescoping wall mounted basketball structures in 1998 that are perfect for new gym construction and renovation projects with tight lead times. The structures are in-stock in side fold and stationary models and make it easy to line up with existing court lines at installation.

A creative replacement for foam glue-on padding that was prone to deteriorate and fall off, DuraSkin bolt-on backboard padding was invented by Bison in 1989. DuraSkin quickly became the standard in the industry and Bison now offers 17 school colors and an unprecedented 10-year replacement warranty.

For over 25 years, Easy-Up Youth Mini Goals have put the rim within reach for youth basketball programs. In 2004, Bison created a multi-height system that one person, without tools, could adjust in 6" increments. The TR86 now adjusts from 9" to 6-1/2" for kids as young as four years old!

T-Rex™ Portable Systems

T-Rex 96 BA898G
One-Person Setup

T-Rex™ Portable Basketball Systems

T-Rex design incorporates low maintenance, extension spring technology and heavy-duty structural components to make one-person set up and storage easy and fast. This is the same spring technology used almost exclusively in collegiate Division I and professional arenas. All pivot points have zero maintenance, self-lubricating bearings and large diameter pivot pins for smooth up-and-down operation and superior system rigidity. The entire base is padded on front and sides with 2" thick urethane foam covered in your choice of 16 colors. Safety is insured with factory installed hidden ballast inside the base to prevent tipping. Floor hold downs as required by NCAA and National High School Federation rules are standard on T-Rex 96 and optional on other T-Rex systems. Each T-Rex model rolls on high capacity, floor-friendly 8" diameter, 2" wide running gears for easy transport. When unit is in place, just drop locator pins into floor bushings for exact placement and lower the front stabilizer pads with an easy-to-reach ratcheting foot adjustment system.

Order BA898G for a competition portable with official 42" x 72" glass backboard, 180° breakaway goal and 96" from backboard to base or BA895G for side court use with a 66" safe play area. BA894SR includes a 42" x 72" glass backboard and 54" setback on a compact base or choose BA894JR with a smaller 42" x 54" glass backboard.

Max™ Portable Systems

Max™ Portable Basketball Systems

Maximum versatility, maximum safety, maximum playability, maximum value... just right for your facility • Infinite goal height adjustment from 5' to official 10' • Breakaway goals • Full front base and pole padding in black, royal, scarlet or forest green • Over 850# of hidden, customer-supplied ballast to eliminate tip over risk • Ballast is totally enclosed and safety padded • Single-lever lift handle to allow easy transport and set up • Goal mounts through backboard directly to structure to eliminate backboard stress • Non-marking transport wheels • When lowered, fits through 78" high double doors for storage • Backboard edge padding included on Super Max and Glass Max (optional on Acrylic Max)

Choose BA853GXL for 60" tempered glass backboard and 50" safe play area, BA853G for 54" tempered glass backboard and 30" safe play area, or BA853A for 48" acrylic backboard and 30" safe play area.

BA955 Saf-Lok™ Structure Catch

Protect your players, fans and equipment...Saf-Lok helps keep wall or ceiling mount structure from falling to floor or into seating • Recommended in NCAA Rules Book • Installs with 3-1/2" pipe clamps (included) • Add confidence to older structures installed prior to today's aggressive slam dunk action • Tested to 6000 lb. free-fall capacity • High strength 2" wide polyester webbing • 42' effective maximum strap length • Order optional BA955RP retracting pulley for use on rear braced forward fold ceiling mounted backstop • Ten-year limited warranty

The acquisition of Institutional Products Inc. of Indianapolis, positioned Bison to take its strong reputation for quality, customer service, product creativity and value to the gymnasium construction and renovation market.

IPI sales, engineering and production functions are now located in Lincoln, Nebraska, with Bison's corporate headquarters and manufacturing plant.

Bison dealers have access to the full line of Bison sports equipment and some Bison dealers also qualify to have access to the IPI product line including custom ceiling and wall basketball structures, divider curtains, multi-sport cages and a wide range of wall, column and stage padding.

If you are building or renovating a gym or sports facility, call IPI at 800-637-7968 to begin the equipment selection and installation process in your area.

Scoring Tables & Banners

Wall Padding

Optional Protective Curtain

Hidden "Z" Track Mounting

Sport Pride™ Full-Color Graphic Wall Padding

Add the WOW! factor to your indoor or outdoor athletic facility with Sport Pride full color graphic wall padding... The options are limited only by your imagination • Our creative art department offers exciting photo or logo reproduction and an infinite range of colors that make simple, one color padding seem, well, boring • Digitally printed graphics are far superior to silk screened or vinyl stick-ons in both image quality and durability • Protect your graphic padding investment with Protective Curtains available at an additional charge • Bison Sport Pride graphic wall padding is an excellent project for booster club fundraisers to celebrate state championships or as a component of a gym renovation

Protector™ Lettered Wall Padding

Show your home team pride... Make a statement on solid colored wall padding with custom 1- or 2-colored lettering • Choose lettering style from three options • Selection of 4' wide instead of 2' wide panels enhances the ability to lay out your custom padding with smaller or more letters • Bison art department will provide free assistance and layouts

Protector™ Solid Color Padding

Protect your players and add color to your gym at the same time... This padding that has all the safety, durability and quality of our graphic and lettered padding but is priced to allow more square feet of padding for your dollar • Available in 18 vinyl colors • Choose a single color or alternate compatible school colors at no extra cost to maximize the aesthetic appeal • If choosing two colors, it is best to have an odd number of panels to allow the end panels to match • Actual vinyl color samples are available by request

Outdoor Basketball Systems

BA871

PR52

Ultimate™ Series

Try an Ultimate System on your most demanding outdoor court and you'll never need to buy another basketball system... From the massive the 6" square, 3/16" wall pole that buries 40" into the ground for incredible stability, to the tip of the Ultimate goal that carries an unconditional lifetime warranty, these systems are meant to take the abuse common on today's playgrounds • 60" setback and optional backboard and pole padding available for maximum safety • 42" x 60" boards are available in white powder coated steel or aluminum • 42" x 72" perforated or solid steel backboards also available • For the serious player, select an official size 42" x 72" backboard of clear tempered glass or clear unbreakable polycarbonate • Poles are available in black powder coating or hot dip galvanized for high humidity and coastal salt spray locations • Choose a system with an Ultimate goal covered by an unconditional lifetime warranty or a popular outdoor breakaway goal

Gooseneck Playground Systems

5-9/16", 4-1/2", and 3-1/2" gooseneck basketball pole systems offer superior durability... And provide 72", 48", and 36" safe play areas • Direct goal mount design improves backboard durability • Includes heavy-duty 1-5/8" backboard support braces • Galvanized pole and zinc plated hardware • 5' x 5' goal mounting pattern • Add optional BA700PP pole padding for increased player safety • Poles available separately or in popular packages • Order PR52 for 4-1/2" pole, rust-free aluminum fan-shaped backboard with white powder coated finish and orange shooter's square and border, and Ultimate playground goal • Order PR75 for 5-9/16" pole with the same backboard and Ultimate goal or PR29 for 3-1/2" pole and standard goal • Adjustable goal height poles and many more fan-shaped and rectangular backboard and goal options available • Consult Bison for the full range of options

"The Bison scorers table we purchased was more than we bargained for! The graphics were outstanding, the quality was excellent and the price was reasonable. I was impressed with the turn-around time and how well it was constructed. It has had a positive impact on our school spirit. Anyone who walks into the gym notices the table right away. When people ask who we got it from, I direct them with positive recommendations."

**Rob Murphy, St. Ignatius High School
Thunder Bay, Ontario**
