

TUNNEL ARMOR

- Temporary Indoor Batting Cage Protection
- 100% recycled top cloth is durable, easy to clean, and easy to maintain.
- Foam backing helps protect the floor from impacts but remains light enough for storability.
- 6' wide rolls are cut to your desired length. Two 6' rolls side by side protect your standard batting cage tunnel.
- Included "hitting zone" connector has the home plate and the batter's box margins on it. The unique Hook and Loop backing keeps the tunnel cover stable during rigorous batting practices
- Simply roll up and store on end where convenient.
- Custom lengths available up to 100'
- 43 oz/sq yd (0.3 lb/sq ft)
